		Design (PJ Olivier)	
		Visual Art (PJ Olivier)	
D		<b>*EXTRA SUBJECT IN <u>GRADE 10</u>:</b>	
	<b>8</b>	*Information Technology	

Extra subjects:

---

---

**Please take note of the following:**

- The feasibility of subject combinations depends on class sizes, timetable variables and availability of teaching staff. It is not a given that the above mentioned options will materialise.
- Mathematics is a requirement for Physical Sciences, Accounting and Information Technology. If you decide at a later stage to change to Mathematical Literacy you will therefore also need to change these subjects.

\* Information Technology (IT) is only offered as an **extra subject** in Grade 10 **after school hours**. If you decide to continue with IT in grade 11 and 12 you may replace one of your choice subjects in section C. The learner may continue with the subject as an extra subject.
