

How ready is your son/daughter for the world after school? 2019 Entrepreneur Club Overview

How would your son or daughter's chances of success increase if they were better equipped for the world's challenges? Together, we will support learners to reach their full potential and become tomorrow's leaders.

Here's why:

Entrepreneurship plays, and will continue to play, an even bigger part in today's evolving world economy. Unfortunately, no institution equips us with the principles and knowledge to become thriving business owners, managers, leaders, etc.

According to statistics 4 out of every 100 businesses will still be in business after 10 years. The main reason for this heartbreaking fact is the lack of knowledge and skills on how to build and run a successful business.

How many businesses would have survived, had the owners had more knowledge and skills on entrepreneurship before starting their businesses? We give future leaders a better chance at success and broaden their horizons, by equipping them at school level with knowledge and skills on entrepreneurship.

Here's how:

We empower learners to think like an entrepreneur and to develop all-important critical thinking and decision-making skills that can be used in whatever endeavor they pursue in life. Members of The Club will gain knowledge on entrepreneurship, leadership, finances, marketing, time management, investments, team building, etc.

At **ActionCOACH** Business Coaching we help entrepreneurs build successful businesses and have better results. We'll share some of the knowledge, tools, strategies and skills we have gained and developed in our 25 years as the World's #1 Business Coaching Firm.

The program will be filled with practical, fun and interactive sessions. Every member will be encouraged to come up with their own business idea, so that everything shared can be practically applied. The program is optional for all **Grade 10s and Grade 11s**, running from February through to November, with 18 x 60-minute sessions.

What they say:

'My son was so motivated by the long-term goal setting exercise and the allure of being in a position to retire. He's super excited about business and always on the look-out for new entrepreneurial opportunities.' – Club Member Parent

'It showed me how to get what I want in life and that it's not impossible to get to where I want to be.' – Paarl Boys' High Club Member

The Investment:

~~R7995.00 per member.~~ ActionCOACH covers a majority of the investment to make the course accessible to more learners. Therefore - R395 p.m. x 10 / R895 x 4 (per quarter) / R2995 once-off per member.

*The group size will be limited to ensure a hands-on coaching/learning environment.

*For more information email Rudolph at paarl@actioncoach.com before 31 January 2019.
