Dear Parents

This morning, the Department of Basic Education issued a press statement indicating that all contact sport in schools have been suspended with immediate effect.

The Department did not specify until when this directive will be in effect. Therefore, we view it as extremely important for teams to continue with skills and conditioning practices to maintain their current skill level, fitness and team morale. We want to be ready when we are allowed to participate again. Practice schedules will remain unchanged.

André van Staden
