Dear Parents

Over the past week, we have had 3 confirmed cases of Covid 19. Two in grade 9 and 1 in grade 11.

All parties concerned have been contacted and were instructed to isolate. All departmental protocols were followed. Given the rise in infections nationally, we would rather be safe and conservative in our approach, than to expose learners and staff to unnecessary risks.

We really believe that social activities and weekend activities play a major role in the spread of the virus. Therefore, we addressed the issue with learners during assemblies, so that they can be more alert.

We appeal to all parents to encourage their children to adhere to Covid 19 protocol at all times. This is for the greater good of our school community and households. If your child feels ill, he should rather stay at home and be monitored for Covid symptoms.

We appreciate your co-operation in this regard where the school has to deal with a very volatile situation on a daily basis.

André van Staden
