Dear Parents

COVID-19: WESTERN CAPE

Managing the Covid-19 pandemic remains a challenging one for all school management teams. The safety of our learners and staff members is non-negotiable. Adaptability remains a key aspect in managing the pandemic. We appreciate the support and understanding from all our parents.

The school management team is of the opinion that the shorter school day during the assessment period is an advantage as there is less contact with one another and limits the possible spread of the virus. The boys are currently studying and there are fewer social events for them to attend.

The Covid-19 numbers are increasing drastically in the Western Cape. Currently we have 10 positive cases as well as learners who are isolating. Learners who were in contact with the Covid positive learners have already been informed and requested to isolate. Arrangements to write assessments on-line are in place. The grade heads will communicate all arrangements concerning the on-line assessments with parents.

Due to rising numbers, we have decided to cancel all sport practices as from Monday, 28 June until the end of the term.

We hope that you will remain healthy and that we will support one another in these challenging times. Please remind your son of the importance of the protocols and to adhere to them at all times. It is also important for them to avoid social events.

André van Staden
