Dear Parent

## INITIATIVE IN COLLABORATION WITH ABSA BANK

As a public school, we are always searching for additional and sustainable funding sources to enhance our ability to meet all our financial obligations. Our school has recently engaged with Absa Bank in a venture in which you as a parent can benefit and help the school at the same time. Through this initiative, parents use a special code when applying for financing for their home, and the school is allocated a commission benefit when your application is successful.

If you are looking for financing for a new home or investment property or looking to make improvements or extensions on your current home, then this initiative is for you. The special code allows you to directly contact an assigned Absa Sales Consultant who will assist with the application from start to finish.

### Qualifying home loan products:

- Absa Home Loan to acquire a new home or investment property
- An Absa Further Advance of over R50 000 for extensions and improvements on your existing home with Absa

You can also switch your current home loan to Absa and even apply for a bigger loan through Absa's Great Escape product. Although the school will not qualify for commission on this product, you as the parent, will still receive the full benefits from Absa.

**Please use code Paulgym001 for our school.**

We are excited to collaborate with you on this initiative.

You can get in touch with Absa by sending an email to: **Francois de Kock** at [francois.dekock@absa.africa](mailto:francois.dekock@absa.africa). Should you require any further information and/or clarification, please contact **Francois de Kock** at **082 450 4620**.

Kind regards

André van Staden
