Dear Parents

We would like to inform you of a recent cyber security-breach attempt at the school. This notification is purely informative as no operational data or sensitive information was affected.

What are we doing?

We have enlisted the help of an external consulting firm to ascertain which measures can be implemented to reduce the risks of security breaches further. We have met with the consultants and a plan of action is being formulated to assist us with short-term recommendations, as well as the continuous improvement of our security profile.

What can you do?

Please be vigilant with any correspondence from the school. Should you have any doubt regarding invoices, statements or banking details, please feel free to contact the school.

Geagte Ouers

Ons wil u graag in kennis stel van 'n onlangse poging om toegang tot ons IT-infrastruktuur te verkry. Hierdie skrywe is bloot vir u kennisname aangesien daar nie toegang verkry is tot sensitiewe of operasionele data nie.

Wat staan ons te doen?

Ons het 'n eksterne konsultant genader om vas te stel watter veranderinge ons kan maak om soortgelyke pogings te verhoed in die toekoms. 'n Plan word geformuleer om sekere korttermyn asook langtermyn verbeteringe aan te bring.

Wat kan u doen?

Wees asseblief versigtig met enige korrespondensie aan of vanaf die skool. Kontak ons gerus indien u enige twyfel het rakende fakture, state of bankbesonderhede.
