4 October 2024

Dear 2025 Grade 8 Learners and Parents,

Welcome to Paul Roos Gymnasium! We are excited to begin this new chapter with you and would like to provide important information regarding the academic and emotional support available to your child.

As Head of Learner Support, I would like to direct your attention to our website, where you can find information about our learner support services. To ensure your child's success, we encourage parents to inform us promptly of any academic or emotional challenges your child may face. Early communication allows us to provide the necessary support as soon as possible.

Academic Accommodations:

If your child makes use of any accommodations during tests and/or exams, it is crucial that you notify me before the start of the 2025 academic program. Additionally, I will need a copy of their psychological evaluation report and any other relevant information regarding their accommodations.

We will also be hosting an Accommodation Parent Evening during the first term to address any other questions you may have regarding accommodations.

Tutor Programme:

We are fortunate to have a **peer tutor programme**, where Grade 11 and 12 learners provide one-on-one academic support to younger learners. This is not a formal extra class but rather an opportunity for your child to receive individual help in specific subjects he may find challenging. It's an excellent way to address smaller academic concerns before they grow into larger obstacles.

Please feel free to contact me at any time regarding your child's academic and emotional support needs. We are here to help.

We look forward to meeting all of you and hope that you will soon feel like a part of this amazing school community.

Kind regards

Mrs Emsie de Lange
Head: Learner Support
